

Anchor Packaging introduces its new **Crystal Classics® Salad Bowls**

(St. Louis, MO) November 28, 2005 The **Crystal Classics** brand is the 1st of a line of PET (polyethylene terephthalate) products for Anchor Packaging. These dynamic new products are designed to stand up to cold temperatures, and will not break, even if dropped.

The **Crystal Classics** line is the perfect merchandizing tool to showcase your product, with a clean and crisp appearance in a black base and crystal clear lid, so the food is the focus. They utilize the same closure system as the award-winning Culinary Classics™ product line—an inner/outer double seal making for a virtually leak-proof package.

Crystal Classics are available in 24 and 32 oz sizes, with both sizes available in low-profile (9" diameter) and classic profile (7" diameter) designs.

Anchor Packaging's product line includes upscale take-out packaging used for merchandising prepared ready-to-heat meals in supermarkets, take-out containers in restaurants and other foodservice operations, deli cup containers, all-purpose cling film and high barrier trays. **Culinary Classics®**, **MicroRaves®**, **MicroRounds®**, **Gourmet Classics®**, **Microlite®**, **Bon Faire®** and **Deli View®** are among Anchor's unique product lines. Anchor also provides custom package design and manufacture for many large food companies in the U.S. and Canada.
