

The Wave of the Future

Capture Your Customers' Imagination

- ◉ Ergonomically designed with smooth sides for ease of use
- ◉ PP and PET lids with leak-resistant closures fit all three bases
- ◉ Drives impulse sales with lids that won't fog in hot or cold merchandising
- ◉ Clear RPET lids maximize food visibility with microwavable bases in refrigerated case
- ◉ PP bases & clear PP lid for hot food, heat lamps and microwave to 230°F
- ◉ Lower carbon footprint bases use 40% less PP resin
- ◉ Packages that perform and recyclable curbside

16, 24, 32 ounce 9" X 6" Containers
