ATTRIBUTES

Convection Cross-Flow Design: Venting in Lid, Side Vents, Raised Ridges in Base

High-Temperature Performance

Clear, Anti-Fog Lid

Secure Closure

Reduce, Reuse, Recycle

BENEFITS

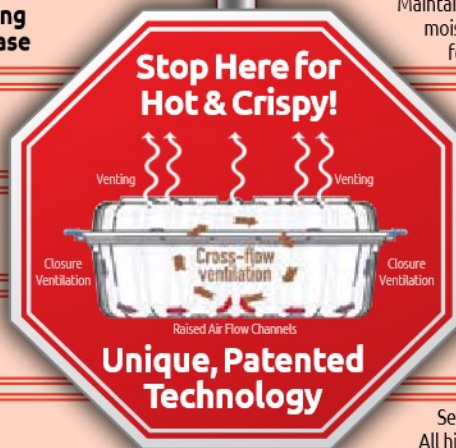

Maintains food taste, texture and temperature by relieving moisture and condensation. Keeps fried foods hot & crispy for 3 hours on display and 30 min in transit.

Durable container with cut-resistant base withstands temperatures to 230°F with heat lamps, hot case and microwaves.

Food visibility reduces errors before orders leave the restaurant or store. Highlights food contents with appealing "just made" look.

Lid snaps shut and remains tightly closed during handling and transit eliminating messy spills.

Separate bases are made with 40% less polypropylene resin. All hinged containers, bases, and lids are dishwasher-safe, consumer reusable, and curbside recyclable.

Packaging Solutions to Drive Foodservice Sales

• Increase Impulse Sales	Fresh and appealing presentations attract customers
• Eye Catching Displays	Packages in assorted sizes and shapes to fit sandwiches, salads, entrées or sides
• Quality Fresh Food	Package design and performance promotes your commitment to quality
• Mouth-Watering Food Appeal	Clear lids with black bases drive impulse sales and repeat business
• Avoid Messy Spills	Secure leak-resistant closure keeps lids in place during handling and transport
• Consumer Convenience	Quick grab 'n go of pre-packaged foods with easy to open and re-close features
• Unique Features	Tear-away or separate lids make it easy to eat in the car or table-ready presentation
• Mealtime/Anytime	Promotes immediate consumption or pick-up something for later
• Cross Functional Versatility	Single package for cold and hot foods minimizes inventory cost
• Performance	Packages for cold and hot foods ready-to-eat or reheat in the microwave up to 230°F

All products listed are Polypropylene Δ or Polyethylene Terephthalate Δ and are recyclable curbside. Many Polypropylene (PP) bases are made with 40% less PP resin. Many PETE bases and lids are made with a minimum of 10% FDA approved, post-consumer recycled material (RPET)

Dishwasher durable PP materials are safe for multiple uses. 102020CStore: WEB
